Notice regarding Final Terms (CH1324293617)

According to the Final Terms (Amendments to the Product conditions) the Redemption Amount scenarios have been amended to reflect the Barrier Type as follows:

Scenario 1	If a Barrier Event has not occurred, the Redemption Amount per Product shall be 100% of the Denomination.
Scenario 2	If a Barrier Event has occurred, the Redemption Amount per Product shall be $100\% * \frac{\text{Price of Underlying (k) at Final Fixing}}{\text{Price of Underlying (k) at Initial Fixing}}$ With Underlying (k) being the underlying with the lowest performance, as reasonably determined by the Calculation Agent.
Scenario 3	--
