

# Senior Product Structurer in the Financial / Investment Sector

Rooted in the financial center of Switzerland, fully dedicated to positively impact society and the environment through its services and products, Helveteq is the issuer of ESG-transparent investment products with an outstanding international network. We offer Actively Managed Certificates (AMCs), Exchange Traded Products (ETPs), non-linear payoff Structured Products for self-directed Investors, External Asset Managers and Banks. Helveteq successfully combines traditional strengths such as excellence and universality of services with continuous innovation in fintech and sustainable finance.

To strengthen our team, we are looking for a self-driven, entrepreneurial thinking Senior Product Structurer.

## **We look for:**

The ideal candidate will have very strong product structuring skills in both the financial and blockchain sectors with access to a consolidated network including external asset managers (EAMs) and financial institutions (FIs).

You will be highly familiar with developing new products and business opportunities in cooperation with prospective clients. The relationships you bring with you will broaden the company's reach and market penetration in a sustainable way.

You have excellent project management skills, a natural ability to build outstanding relationships with internal and external clients, and a strong work-ethic. Analytical thinking and a passion for detail are required in this role. You should be familiar with the regulatory boundaries, the competitive landscape and upcoming trends in Helveteq's business area.

You care about the society and the environment. You are highly motivated to provide sustainable client solutions in a financial market environment that needs to change for the better fast.

As a rapidly growing new company with ambitious goals, we are in need of a candidate who can develop new products and operational processes. We are looking for a strong team player who enjoys working in a diverse team of highly skilled professionals. We expect you to share our passion for the environment and believe that a company is successful not only through its value creation for the direct stakeholders but also by contributing to the wellbeing of our planet.

Fluency in English and German required.

## **Job Responsibilities:**

- Develop new business opportunities and products
- Manage the operational setup of new products and services
- Cooperate with the firm's service partners to deliver new solutions
- Keep the firm abreast of regulatory changes and opportunities
- Manage and educate junior colleagues and trainees

## **We offer:**

We have a very progressive and dynamic team environment. We are demanding and respectful with each other, always keeping client needs and the environment in our focus.

We offer an appropriate salary and standard social security programs. Total compensation is geared towards success incentives.

Work location is on the shores of Lake Zürich (Pfäffikon SZ or Zollikon ZH).
